TO CORRESPONDENTS.

We look to the friends of the Ledger to keep us posted concerning events of public interest happening in any part of the county. Our regular correspondents will be furnished with writing material and stamps for this purpose. Births, deaths, marriages, accidents, amusements, mining and other industrial progress, social topics, new buildings, persons leaving or coming into the county, are always acceptable. Give details of important items. No matter in how rough a shape. Avoid personal remarks that might give offense. Visitors between towns in the county need not be mentioned, but visits from or to places beyond the county may be recorded.

THE RAILROAD PROJECT.

Little is heard nowadays of the once much-talked-of railroad from Ione to Jackson. Thousands of dollars were spent in making the preliminary surveys, and it was reported that the scheme was going through with a rush, when suddenly everything came to a dead standstill, and the whole enterprise seems to have been abandoned. For what reason no one seems to know; but the most plausible explanation is that the projectors did not have the funds to carry it through. There is certainly nothing the matter with the grade. There are no engineering difficulties in the way worth mentioning. The cost would not be excessive. The business outlook has materially improved in the last few years. The freight for the mineral belt has increased to such an extent that one freight train a day is no longer able to handle it. This business is likely to increase rather than decrease in the next few years. The ancient talk of a town being ruined by the advent of a railroad is all moonshine. If a town possesses any natural resources of its own, it must necessarily be helped rather than retarded by cheap and rapid transportation. The railroad scheme should not be allowed to drop out of sight. Over six thousand people live in and around Jackson and Sutter Creek—nearly two-thirds of the total population of the county. We do not believe there is such a heavy population anywhere else in the state, within twelve miles of a railroad, that is minus railroad facilities. We believe if our citizens will only exert themselves in this direction they can get a railroad. Outsiders have agitated this matter heretofore. And the agitation has not, it must be confessed, received the cordial support it is entitled to from some of our own people. We must get over the idea that good wagon roads will answer every purpose for a mining community. They are well enough in their place, but they are a very poor substitute for railroads. A persistent, determined effort on the part of our citizens, coupled with a disposition to invest in the enterprise themselves, ought to bring about some practical result. With such immense quantities of supplies coming to the mines, the mine owners would, from an economic standpoint, be willing to help in a railroad project that meant business. Why not organize a local company to bridge the twelve miles between the mineral belt and the lone depot, with either a steam or electric road.

OUR STREETS.

The principal streets of Jackson, and particularly Main street, are a disgrace. With the first rains they are already converted into mud lakes, and are likely to be maintained in the same deplorable condition of slush all through the winter. The disgrace attaches not so much to the residents of the town, as to those having charge of road affairs in this district. The conditions at the county seat are such that Jackson's streets ought to be the pride of the county. In addition to having the largest amount in the road fund of any district in the county, there is always more or less prison labor available, which is at the disposal of the road commissioner of this district. But outside of the streets in the immediate vicinity of the court house, this labor has not been utilized. Is this right. Is it in accordance with the spirit of our road laws, that the section which contributes the most for the maintenance of the roads, shall have the least—nothing in fact—spent upon its streets. Jackson contributes fully one third of all the road money spent in the entire township, and how much of that money has been expended here in return. We have contributed not only the regular road tax, but a special tax year after year, for the benefit of outside roads, and still not a dollar can we get expended within the town proper. If this is not taxation without benefit, what is it. To carry this injustice still further, when prison labor is

employed, it is put to work—not in the business center, which contributes as much money in taxes for the support not only of roads, but of the board of prisoners and salaries of county officers as all the balance of the town put together—but on the by-ways where heavily loaded teams cannot go. We have nothing to say against the improvement of these thoroughfares, but we do protest against the system which spends all on these, and leaves the main streets entirely neglected. The people of Jackson and other towns will not submit to this injustice indefinitely. The one argument urged for the incorporation of Sutter Creek to-day is that incorporation would at least give them the road money now collected within the town limits for internal improvement, whereas it now goes elsewhere. It is a strong argument under the road policy which has prevailed in this county for so many years. If persisted in, the outcome will be the withdrawal of the principal towns from participation in the county road system. These towns—Jackson at least—are willing to share in the maintenance of the outside highways, but they can hardly be expected to pungle up the lion's share of the road taxes, and get nothing in return. That method of doing business ought to be dispensed with. It must be discarded, if not by the road commissioners, it will be long by the towns taking charge of their respective streets.

A RANK INJUSTICE.

Through the inattention of some one whose duty it was to look to the matter when the re-districting of the state took place, Amador, Calaveras, Alpine, Inyo and Mono counties were permitted to pass as single assembly districts, with only one assemblyman to represent the whole in the next legislature. For the paltry salary of \$480, who is there that wishes to represent and at the same time receive the buff and cuffs of at least 35,000 people? To say the least, this seems to be the result of poor workmanship, on the part of assemblymen sent to represent the people in our last legislature. What were our Amador and Calaveras representatives doing, that such a thing was permitted? A protest from the representatives would have secured Amador and Calaveras from the loss of their respective assembly districts. We must now figure in a group of five.—Angels Echo.

Our cotemporary is in error in placing Inyo county in this assembly district. Tulare and Inyo counties form the 27th assembly district. Amador, Calaveras, Alpine and Mono counties comprise the eleventh assembly district. But even with this correction the situation is bad enough. That a gross injustice has been done by placing all these counties in one district must be patent to any one who will take the trouble to look into the matter. These counties under the apportionment of 1890 elected one senator. There are 40 senators against 80 assemblymen in the California legislature. If these counties therefore were entitled to one senator in 1890, to justify their reduction to one assembly district according to the census of 1900, one of two things must have happened; namely, either the counties named must have lost heavily in population during the ten years from 1890 to 1900, or else the rest of the state must have nearly doubled in population in the same length of time, and the four counties remained at a standstill. We know as a matter of fact that neither proposition is true. The district has gained in population during the decade, perhaps not quite up to the census of 1900, but the state as a whole, but very nearly so. And yet by one fell swoop of the legislative ax, we have been degraded from a senatorial to an assembly district. What have these important mining counties done that they should be thus shamefully treated. And the injustice is all the more glaring that it has been perpetrated by a republican legislature, on a strong republican district, represented by a solid republican delegation in the law making body. With the addition of Inyo county, the territory embraced in this district had three assemblymen in the last legislature. Amador had one representative exclusively, so had Calaveras, while Inyo, Mono and Alpine elected one conjointly. For the first time in Amador's history we are left without a delegate that we call our own in the legislature. From the organization of the county in 1854 until 1880, Amador had one senator and two assemblymen. From 1880 until the present time she has elected one assemblyman, also one senator jointly with one or more counties. Calaveras has also enjoyed the distinction so far of having an assemblyman for herself. But for the next ten years these two populous and growing counties—whose importance in mineral wealth is hardly equalled, and certainly not surpassed by any other territory of equal extent in the state—are to be denied the privilege of joint representation. No other portion of the state has been treated so shabbily in the apportionment of assemblymen. San Benito, with little, if any more population than either Amador or Calaveras county, still enjoys one assemblyman. So does Kern, Orange and Monterey, not one of them exceeding in population the combined population of Amador and Calaveras. We are totally at a loss to give the reason for this remarkable discrimination against this section. Why have we been thus laid on the legislative shelf so to speak? What have we done to merit this rebuke—we might call it punishment—of ten years' duration? We leave the questions for those to answer who are in a position to do so, frankly admitting that we are not acquainted with the secret springs of party action that led to this amazing abolition of long-enjoyed political rights.

THERE is a big row on in the official circle of San Joaquin county. The supervisors recently let a contract for furnishing a heater and boiler to the hospital. The district attorney refused to draw up the contract, on the ground that the specifications were not drawn up with sufficient clearness to admit of competitive bidding. Thereupon the supervisors, determined to carry their point, if possible, called in other lights of the legal profession, who gave the opinion that the contract was legally let. Still the district attorney refuses to recede from his position, and the supervisors are equally resolved to hold the fort. The county clerk has taken a hand in the game, and accuses the supervisors of acting against the interests of the county. The feeling engendered culminated Monday in a fight between clerk Grunsky and supervisor Henderson. Altogether, the rumormongers reflect little credit upon the administration of affairs in our neighboring county.

ASTONISHING DISCOVERY.

From Coppersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with bad cough always ensures a good night's rest. "It was soon coughed out," writes Mrs. S. Himmelburger, "for three generations of our family have used Dr. King's New Discovery for Consumption and never found it equal for Coughs and Colds." It's an unrivaled life-saver when used for desperate lung cases. Guaranteed bottles 50c and \$1.00 at D. B. Spagnoli's. Trial bottles free.

PLYMOUTH.

PLYMOUTH, Nov. 20.—A party was given in honor of C. Dart at the residence of G. L. Clark last Saturday evening. The guests were: Misses Edith Coster, Sophia Roberts, Laura Dugan, Pattie Coster, Helen Brown, Grace Wren, Grace Carley, Mamie Pinder, Amy Slavich, Ella Slavich, Stella Wickes; Messrs. Stephen Davis, Charlie Potter, C. Dart, Trevor Weston, Will Butler, Elmer Ayer, John Cruson, Willis Carter, U. Dickerman, and George Wickes. Dancing was indulged in during the fore part of the evening, after which all partook of a delicious supper, followed by singing and playing. In the early hours of morning they all dispersed to their homes, having had an enjoyable time.
J. Woods died yesterday forenoon at 10 o'clock. The funeral will take place to-morrow.
Miss Grace Wren of Quartz Mountain, is the guest of her aunt, Mrs. Clark.
Mrs. George Perkins of Alameda, is the guest of her mother, Mrs. T. C. Dugan.
Sherman Coster, who has been employed as book-keeper at San Francisco, returned home Sunday night.
Miss Grace Carley of Drytown spent part of last week here.

A Physician Testifies.

"I have taken Kodol Dyspepsia Cure and have never used anything in my life that did me the good that did," says County Physician Geo. W. Scroggs of Hall County, Ga. "Being a physician I have prescribed it and found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by dieting but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia or starvation. The worst cases quickly cured. Never fails. Kerr's Pharmacy, Jackson.

Shenandoah Jottings.

Old Sol has again disappeared from view and a gentle shower is entertaining us with its presence. This is much to the discouragement of the teamsters. However, "behind the clouds the sun's still shining."
Some of our young people attended the entertainment given at the close of Miss Jameson's school at Evening Shade the 9th inst., and reported a very pleasant evening.
Mrs. Bowers, wife of Dr. R. H. Bowers of Sacramento, who has been the guest of Mrs. Retta Brown for the past week, has returned to her home.
Miss Della Votaw visited her sister, Mary, in Sutter a few days ago.
Miss Mabel Ball is at the home of Mr. and Mrs. Geo. Peater near Latrobe, for the winter.
RAMONA.

In Memory of Eva Peater.

Goodbye—our world is lone and drear without thee;
The time so short has seemed, that thou hast died;
We cannot realize that thou art gone forever,
When we had no warning that thou wert going away.
Lone hearts at home are aching in their sorrow,
And seeming yet, to wait, but all in vain
For footsteps that are never, never coming,
And a merry voice they never will hear again.
A sudden storm along life's troubled pathway,
That sweeps away a frail fair flower at will;
A sunbeam that is lost in clouds and tempest,
A strain of music that we hear—then, all is still.
Only the passing of the flower 'til the spring-time,
The sun will come again and shine as bright,
Our child was only tired, and is sleeping;
Our Eva, 'til the morning breaks—goodnight.
LAURA THERESA.

The Children's Friend.

You'll have a cold this winter. Maybe you have one now. Your children will suffer too. For coughs, croup, bronchitis, grip and other winter complaints One Minute Cough Cure never fails. Acts promptly. It is very pleasant to the taste and perfectly harmless. "Our little girl was attacked with croup late one night and was so hoarse she could hardly speak. We gave her a few doses of One Minute Cough Cure. It relieved her immediately and she went to sleep. When she awoke next morning she had no signs of hoarseness or croup." Kerr's Pharmacy, Jackson.

AUKUM.

AUKUM, Nov. 17.—Geo. Ames, who was taken to Plymouth to be near Dr. Tiffany while recovering from a run of intermittent fever, returned to his home at Aukum Sunday.
Dr. Tiffany of Plymouth, was called to Cedar Grove to treat Chas. Leventon's wife and child, who are very sick.
Mr. and Mrs. Sales, Mrs. G. Easton and two children, and Dr. Tiffany's mother of Plymouth, visited Aukum Sunday, and attended the L. T. L. & W. C. T. U. Mrs. Tiffany has been an earnest worker in the temperance cause for many years. Her home is in Illinois. It is inspiring and helpful to have one of such sterling qualities come among us. Her visit was much appreciated.
James McNaughton has made several trips to Sacramento for supplies and barbed wire to complete the fencing of his two farms.
Lena Drumond of Oleta, has been the guest of the Misses Uhlinger of Pigeon Creek, the past week.
Mrs. W. Starks has adopted the youngest daughter of the late Mrs. Snable of Shenandoah Valley. She will be well cared for.
Mrs. M. Seely and S. Farnsworth visited friends in Amador county the past week, spending a few days with Mrs. Easton at the Forest House, Plymouth.
Mr. Starks is freighting from Sacramento to Mountain View store, 12 miles above Aukum.
Carl Vinewitz came home quite sick with inflammation of the stomach. He was employed at a mine near Rancheria.
Mrs. M. Colenburg has gone to visit her sister, Mrs. Funk, of Sacramento. She spent a few days on the way with friends in Plymouth.
Mrs. Whitacre will spend a few days with her grand-daughter, Ruby Whitacre, in Sacramento.
Asa Farnsworth has returned to his home at Uno. He has been in Trinity county for the past six months.
Frank Traganza of Sacramento, is again seen in this locality. He will remain at his claim near Pigeon Creek during the winter.
W. A. L.

AUKUM, Nov. 18.—On Saturday

morning last Ray Lewis died at San Francisco from injuries received by falling from a porch to the sidewalk on the street. He wanted a drink of water, and getting up out of bed went to get it, when he stumbled and fell, receiving injuries from which he never recovered. He was a grandson of A. J. Crain, and a cousin to the writer.
The Pigeon Creek school expects to have an entertainment on the last evening after closing of the school, being the 6th December. The little folks are jubilant, and the almost constant talk is of songs, tableaux, recitations, etc. Miss Vogell, the teacher, never fails in producing an attractive program, which is certain to elicit applause from the spectators.

Bridge Work.

PURSUANT TO AN ORDER OF THE Board of Supervisors of the County of Amador, State of California, plans, specifications, strain sheet and working details for a new steel bridge across Sutter creek in the town of Sutter Creek, California, will be received by said Board at its office in the Hall of Records, at Jackson, Cal., on

Monday, December 2, 1901, at one o'clock p. m.

Said bridge to have a double track roadway and a foot path on each side of same.

Separate estimates will also be received as to the cost of moving the present bridge, now crossing said Sutter creek to the town of Jackson, Cal., and placing one span thereof across the Middle Fork of Jackson creek at the junction of Pitt and Water streets in the town of Jackson, Cal., and the other span across the South Fork of Jackson creek near the Zett quartz mill on the road leading from Jackson to Mokelumne Hill, Cal.; said estimates to include all the cost for removing said bridge from Sutter Creek, hauling same to Jackson and placing the said spans over the creek aforesaid, including building of abutments and approaches thereto complete and ready for travel.

The Board reserves the right to reject any or all of said plans, specifications or estimates.

Dated Jackson, Cal., November 5th, 1901.

The dedication of the new hall just completed at Amador City by Messrs. Taylor & Allen will take place tomorrow evening, November 23, by a grand ball. The dance hall is 40x80 feet, furnished with an excellent floor. Grainger's full orchestra will furnish the music. The people of Amador City and vicinity will undoubtedly turn out in full force in honor of this event. Full sheet posters announcing this affair were issued from the Ledger office this week.

The Grand Ball

The grand ball given by Oro Fino Circle No. 161. Companions of the Forest, in Love's hall on Friday evening last, was largely attended, both by dancers and spectators. In fact, the hall was packed with all it could accommodate, and more than could conveniently occupy the floor at one time. The music was furnished by the Mother Lode Band, the junior organization of Jackson, and gave good satisfaction. Mrs. William Daugherty in her position as floor director, kept the amusement running smoothly and with entire satisfaction to all concerned, throughout the evening; her efforts being ably supported by the floor managers, Misses May Penne, Alma Mounter and Lillie Lemm. At 12 o'clock the guests repaired to the California (Dalpota's) hotel, where an excellent chicken supper was served by the ladies of the Circle. After supper, dancing was resumed in the hall and kept up with spirit until after 4 o'clock. The gross receipts amounted to \$153, and the expenses to \$106.30; leaving a balance of \$46.70. To the exertions of Mrs. Simich, Mrs. Daugherty and Mrs. Lillie Freeman the success of the ball is mainly due. The proceeds are intended to be devoted to the purchase of a banner for the Circle.

Trial Jurors.

The following named persons have been drawn as trial jurors, to appear before the superior court on Monday, December 9, at 10 a. m.:

Swallowed a Medal.

J. McCutcheon, of the Jackson Shoe store, was the victim of a remarkable experience last Saturday. He received a medal of membership in the Woodmen of the World. It is made of aluminum, with a copper center piece, and is between a dollar and half dollar in size. He was playing with this, flipping it in the air and catching, when it accidentally slipped down his throat. To say that he was scared as well as greatly inconvenienced by the presence of this unpalatable body in his throat is putting it mildly. He at once rushed out of the store and into the Weil building, bounding up the stairway two steps at a jump, with the intention of seeking the services of Dr. Gall. On reaching the head of the stairway, he was seized with a severe coughing spell, no doubt produced jointly by the exertion and the swallowed coin. The outcome was that to his great relief, he coughed up the troublesome medal. The souvenir is doubly valuable to him now, as a reminder of his novel experience.

Serious Accident.

Joseph Drendel, who lives on the old Jellitich place on the south fork of Jackson creek, about one mile from town, met with a sad misfortune last Sunday morning. He was chopping some limbs, when the end of a stick just chopped off flew up and struck him over the right eye, breaking the ball of the eye, and it is feared destroying the sight. He came to town at once, and had the injuries dressed by Dr. Gall. A few weeks ago he was hurt in the left eye, but not so badly as to impair the sight. The full extent of the damage to the eye by this latest accident cannot be known for a few days. Hopes are entertained that the sight is not totally destroyed.

Died in the Asylum.

Mrs. A. M. Snable, who was committed to the Stockton Insane Asylum from this county on the 30th of October last, died in that institution on Saturday, November 16. Deceased was the wife of Martin Snable of Plymouth. Early in October she developed symptoms of mental derangement, which speedily took on a dangerous and violent form. She attended services at the Free Methodist church, and became insane on religious topics. Her husband and daughter were unable to control her, and finally had to petition the court to have her committed to the state institution. Mr. Snable, on receiving the sad news of his wife's death, left Plymouth for Stockton Sunday morning to take charge of the remains.

Pay Your Taxes.

The first instalment of state and county taxes must be paid on or before next Monday. After that day a penalty of 15 per cent will be added. There is a whole lot of coin yet to flow into the county treasury for taxes if costs are to be avoided. In these prosperous times the delinquent list ought to be unusually small.

That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents. Money back if not cured. Sold by D. B. Spagnoli, Druggist.

10 dozen embroidered velvet slippers, regular price \$1; this week at 49 cents, at the White House.

OUR MINERAL PRODUCTION

Abundant Wealth in Mines on Mother Lode.

Good Ore at the South Eureka—Fine Prospects at the Champion and Defender Mines.

CHAMPION.—This mine is situated in Hunt's gulch, and adjoins the Amador Queen on the south. Mr. Champion, the owner, has recently sunk to the depth of 30 feet, for the purpose of showing the property to intending purchasers. Champion was here last week from Dunsuir, to inspect the mine, and was well pleased with the showing. He left for his home last Friday. It is said that the prospect is very encouraging for a good mine, the rock assaying well, and there is lots of it. Parties from Salt Lake are said to be thinking of taking hold of it.

KEYSTONE.—Superintendent Prichard informs us that this mine will be shut down temporarily in a few days, and kept closed for a week, in order to have some needed repairs made to the hoisting works.

ZEILA.—We understand that this mill will close about January for a couple of months, to make the necessary repairs to the shaft.

DEFENDER.—This promising property—the most prominent mine in the eastern section of the county—is again looming up. The dyke that was met with at the 300 level has been passed. It extended 20 feet down, when the ore body again assumed its usual character. The rock at this depth looks as well, if not better, than ever. The percentage of copper has increased, and now is said to be about 30 per cent of the total value. Negotiations are still in progress for the purchase of the property. That the mine would liberally respond in dividends to the judicious expenditure of money in placing it on a good working basis, is the opinion of every competent miner who has investigated it.

SOUTH EUREKA.—Superintendent Parks informs us that the ore now being crushed from this mine is of considerably higher grade than usual.

BUENA VISTA COPPER MINE.—L. P. Hancy, one of the promoters of the Buena Vista Copper mine, was in Jackson Saturday. He has been working hard to get the mine started, and has succeeded in placing enough stock to justify the commencement of active operations. Work was started last Monday, in making a road, preparing to build a boarding house, and clearing the ground for setting up the machinery. A twenty-six horse power engine and boiler have been purchased, and the work of putting it in running order will be pushed as speedily as possible. The stock is being sold on the instalment plan, at \$1 per share. The stockholders are required to pay a few cents each month until the full purchase price is paid. By this plan sufficient money is raised to pay operating expenses, without hardship upon the shareholders.

Bank Suspends.

The Citizen's Bank of Sonora suspended payment last week. This is the first instance of a bank's suspension in the mother lode counties for many years. It is only in recent years that our people have enjoyed the advantages of banking institutions. The trouble with the Sonora bank seems to have been that it tried to do a large amount of business with small capital. The invested capital is said to have been about \$10,000, and deposits amount to seven or eight times that amount. With a large percentage of depositor's money out on interest, as well as its own capital, it required only a slight financial flutter to cause it to close its doors. It is reported that depositors will be paid in full, but that it will require time to realize on its assets to enable it to be done.

Central Eureka Mining Co. vs. East Central Eureka Mining Co.—Defendant allowed 20 days' additional time from Nov. 19, to prepare and serve bill of exceptions on motion for new trial.

NEW SUITS.

Mamie Peirano vs. Antone Peirano—Action for divorce on the ground of desertion and failure to provide. Parties were married May 14, 1894, at Sonora, the issue of their marriage being one female child aged 6 years. Defendant is a miner by occupation, able to earn \$75 per month. For more than a year he has failed to provide for plaintiff, and plaintiff has been forced to leave defendant and support herself and minor child. Judgment asked for dissolution of the marriage ties, for \$150 attorney fees, and alimony of \$40 per month and costs of suit. W. J. McGee is attorney for plaintiff.

THE AUDITOR WINS.

The Supreme Court sustains the Superior Court in the School Tax Litigation.

Word has just been received that the supreme court has affirmed the decision of the superior court of Amador county in the case of Jackson School District et al. vs. C. L. Culbert, as county auditor. The issue involved in this suit is of vital moment not alone to Amador county, but to every county in the state. In September, 1899, the supervisors, following a precedent that had been established for many years, failed to levy a sufficient tax rate to provide \$6 for each school child, as the letter of the law requires. The trustees of Jackson district thereupon served notice on the county auditor to add the deficiency to the assessment roll. At the request of the supervisors, the auditor refused to do so, whereupon the Jackson district, and thirty-six other districts brought a mandamus suit against the auditor. The supervisors employed W. J. McGee as special attorney to test the constitutionality of the law. They contended that the levy of about \$4.50 per census child was sufficient.

Judge Rust and Judge Nichol, sitting in banc, held the law to be unconstitutional, and the supreme court has upheld the decision. The text of the decision has not yet been received, so it is not known whether the court held the law to be invalid, or whether the appeal was dismissed on technical grounds.

The amount directly involved in the suit was about \$6500; but as the supervisors in 1900 and 1901 also ignored the \$6 per census child law, the county would have been required to pay the school districts about \$20,000 had the auditor lost the suit.

Spreads Like Wildfire.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by D. B. Spagnoli, druggist.
